Under Government Code §669.003, relating to contracting with an executive of a state agency, Respondent represents that no person who, in the past four years, served as an executive of the Texas Comptroller of Public Accounts, TJJD or any other state agency, was involved with or has any interest in this Proposal or any contract resulting from this RFP. If Respondent employs or has used the services of a former executive head of TJJD or other state agency, then Respondent shall provide the following information: Name of former executive, name of state agency, date of separation from state agency, position with Respondent, and date of employment with Respondent.

The following provision allows an agency to require criminal history background checks of contractor employees and subcontractors who have access to information resources technology of state agencies. Note that under Section 411.1405, Government Code, agencies must have a written policy that has been approved by the Office of the Attorney General relating to the use of background checks before such checks can be performed. If an agency has authority to require other types of background checks and wishes to perform those checks on contractors' employees, a contract provision to authorize such would be needed. Contractor's employees, applicants, interns and volunteers and the employees, applicants, interns and volunteers of Contractor's contractors identified by TJJD as having access to State of Texas information resources and information resources technologies, as defined in Texas Government Code, 127 Section 411.1405, are subject to periodic criminal history record investigations performed by the Department of Public Safety and the Federal Bureau of Investigation for TJJD. Individuals whose criminal histories are determined by TJJD to be unsatisfactory under the policy promulgated by TJJD, and approved by the Office of the Attorney General shall not be allowed access to State of Texas information resources and information resources technologies and may, at the discretion of TJJD be precluded from providing services through this Contract. Contractor shall reimburse TJJD the cost of the criminal history background investigations.

TJJD is federally mandated to adhere to the directions provided in the President's Executive Order (EO) 13224, Executive Order on Terrorist Financing – Blocking Property and Prohibiting Transactions With Persons Who Commit, Threaten to Commit, or Support Terrorism, effective 9/24/2001 and any subsequent changes made to it via cross-referencing respondents/vendors with the Federal General Services Administration's Systems For Award Management (SAM, <https://www.sam.gov/portal/public/SAM>), which is inclusive of the United States Treasury's Office of Foreign Assets Control (OFAC) Specially Designated National (SDN) list. Contents of EO 13224 may be viewed by accessing the following website: <http://www.whitehouse.gov/news/orders/>.

Respondent certifies that the responding entity and its principals are eligible to participate in this transaction and have not been subjected to suspension, debarment, or similar ineligibility determined by any federal, state or local governmental entity and that Respondent is in compliance with the State of Texas statutes and rules relating to procurement and that Respondent is not listed on the federal government's terrorism watch list as described in Executive Order 13224. Entities ineligible for federal procurement are listed at: <https://www.sam.gov/portal/public/SAM>.

Respondent agrees that any payments due under this contract will be applied towards any debt, including but not limited to delinquent taxes and child support that is owed to the State of Texas.

Respondent represents and warrants that the individual signing this Execution of Offer is authorized to sign this document on behalf of the Respondent and to bind the Respondent under any contract resulting from this Offer.

Pursuant to Section 2262.003 of the Texas Government Code, the state auditor may conduct an audit or investigation of the vendor or any other entity or person receiving funds from the state directly under this contract or indirectly through a subcontract under this contract. The acceptance of funds by the Respondent or any other entity or person directly under this contract or indirectly through a subcontract under this contract acts as acceptance of the authority of the state auditor, under the direction of the legislative audit committee, to conduct an audit or investigation in connection with those funds. Under the direction of the legislative audit committee, the Respondent or other entity that is the subject of an audit or investigation by the state auditor must provide the state auditor with access to any information the state auditor considers relevant to the investigation or audit. Respondent will ensure that this clause concerning the authority to audit funds received indirectly by subcontractors through the vendor and the requirement to cooperate is included in any subcontract it awards. Respondent certifies that it has not been an employee of the Texas Juvenile Justice Department within the last twelve (12) months.

Any terms and conditions attached to a solicitation will not be considered unless specifically referred to on this solicitation by submitting a Document identified as Vendor "Terms and Conditions" and listing any exception which is taken. **Continuous Contract: Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service under the same contract for a specified period of time. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.*

HUB SUBCONTRACTING PLAN (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.13 are:

- 11.2 percent for heavy construction other than building contracts,
- 21.1 percent for all building construction, including general contractors and operative builders contracts,
- 32.7 percent for all special trade construction contracts,
- 23.6 percent for professional services contracts,
- 24.6 percent for all other services contracts, and
- 21 percent for commodities contracts.

-- Agency Special Instructions/Additional Requirements --

In accordance with 34 TAC §20.14(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent's subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only contracts that have been in place for five years or less shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.

SECTION B-3 NOTIFICATION OF SUBCONTRACTING OPPORTUNITY

When completing this section you **MUST** comply with items **a, b, c and d**, thereby demonstrating your Good Faith Effort of having notified Texas certified HUBs **and** minority or women trade organizations or development centers about the subcontracting opportunity you listed in SECTION B-1. Your notice should include the scope of work, information regarding the location to review plans and specifications, bonding and insurance requirements, required qualifications, and identify a contact person. When sending notice of your subcontracting opportunity, you are encouraged to use the attached HUB Subcontracting Opportunity Notice form, which is also available online at <http://www.window.state.tx.us/procurement/prog/hub/hub-subcontracting-plan/>

Retain supporting documentation (i.e., certified letter, fax, e-mail) demonstrating evidence of your good faith effort to notify the Texas certified HUBs **and** minority or women trade organizations or development centers. Also, be mindful that a working day is considered a normal business day of a state agency, not including weekends, federal or state holidays, or days the agency is declared closed by its executive officer. The initial day the subcontracting opportunity notice is sent/provided to the HUBs **and** to the minority or women trade organizations or development centers is considered to be "day zero" and does not count as one of the seven (7) working days.

- Provide written notification of the subcontracting opportunity you listed in SECTION B-1, to **three (3)** or more Texas certified HUBs. Unless the contracting agency specified a different time period, you must allow the HUBs **at least seven (7) working days** to respond to the notice prior to your submitting your bid response to the contracting agency. When searching for Texas certified HUBs, ensure that you use the State of Texas' Centralized Master Bidders List (CMBL) and Historically Underutilized Business (HUB) Search directory located at <http://www.window.state.tx.us/procurement/cmb/cmbhub.html>. HUB Status code **"A"** signifies that the company is a Texas certified HUB.
- List the **three (3)** Texas certified HUBs you notified regarding the subcontracting opportunity you listed in SECTION B-1. Include the company's Vendor ID (VID) number, the date you sent notice to that company, and indicate whether it was responsive or non-responsive to your subcontracting opportunity notice.

- Provide written notification of the subcontracting opportunity you listed in SECTION B-1 to **two (2)** or more minority or women trade organizations or development centers **in Texas** to assist in identifying potential HUBs by disseminating the subcontracting opportunity to their members/participants. Unless the contracting agency specified a different time period, you must provide your subcontracting opportunity notice to minority or women trade organizations or development centers **at least seven (7) working days** prior to submitting your bid response to the contracting agency. A list of trade organizations and development centers that have expressed an interest in receiving notices of subcontracting opportunities is available on the Statewide HUB Program's webpage at <http://www.window.state.tx.us/procurement/prog/hub/mwb-links-1/>

**Residential Contract Program
Case Management Requirements**

1. It is the responsibility of the Contracted facility to maintain clinical, medical and educational documentation of all TJJD youth in their care. These documents will be maintained in a format that is accepted by TJJD and clinical treatment service delivery practices.
2. The Contracted Facility will receive a completed risk and protective factor assessment upon the youth's arrival. The Contracted Facility will provide TJJD with a written Individualized Treatment Plan, for each youth within seven (7) days of arrival. The plan must identify risk and protective factors to be targeted for the youth based on information sent to the facility. It must include an initial thirty (30) day treatment/program goals outline for services. The case manager will develop an individualized plan based on the clinical and risk/protective factors of the youth. The plan will be written in a manner that the youth can understand and will include the following:
 - a. Identify behavior risks to be targeted for clinical/behavioral interventions;
 - b. Educational/vocational needs and plan for intervention;
 - c. Risk factors and protective factors to be targeted in clinical services and programming;
 - d. Identify any special needs of youth in order to provide appropriate services listed in the youth initial plan (Example: MH, LEP, CD, etc.);

Documentation of sessions will remain in the youth's file at the contract facility and made available to appropriate TJJD staff upon request.
4. Youth treatment plans must be reviewed and updated monthly. The monthly treatment plan reviews and documents the youth's progress for the previous review period and must identify risk and protective factors' interventions addressed. An updated treatment plan will be created to address risk and protective factors to be address in the upcoming thirty (30) days. Documentation of this review must be kept on a common form and placed in the youth's file within five (5) days of the review. The designated TJJD Staff member is to be provided a written copy of the progress review within five (5) workdays after the review.
5. Formally reassess risk and protective factors, via an approved assessment tool (tool to be used must be approved by TJJD prior to evaluating youth), every ninety (90) days to evaluate the youth's progress in reducing risk and increasing protective factors. At this time, the updated treatment plan will address interventions necessary to meet the best interests of the youth, to identify aftercare needs, and to review continued need for the placement based on treatment needs and assigned length of stay. The PO is requested to provide input. Families must be invited by written notice to attend and participate in the ninety (90) day reviews. A follow-up phone call is preferred.
6. Begin aftercare planning with the youth's Parole Officer within thirty (30) day of arrival. The plan includes specific referrals and services identified for youth with input from family. Exhibit G
Performance and Quality of Service Measures for
Residential Contract Programs

MEASURE OF PERFORMANCE AND QUALITY OF SERVICES

The Texas Juvenile Justice Department has adopted a system of evaluating program effectiveness and promoting continuous improvement by monitoring compliance with the contract agreement; identifying and monitoring targeted performance measures; evaluating the quality of service delivery; requiring corrective action for any identified area of deficiency; conducting a program risk assessment; setting and modifying goals to maximize performance and sustaining continuous improvement.

Performance Measures

The following measures are for evaluating residential programs:

1. **Percent Positive Releases**
Percent positive releases will be defined as the percentage of persons released from the program by either being discharged from the agency or receiving a permanent assignment to another less restrictive program as defined by agency policy.
2. **Percent Negative Releases**
Percent negative releases will be defined as the percentage of persons releases from the program receiving a permanent assignment to another more restrictive program, or who are discharged from the agency due to further involvement in the juvenile or criminal court system.
3. **Escapes Per Year Per 10 Students**
The number of escapes from the program per year divided by the Average Daily Population divided by 10.
4. **Percent Escapes**
The percentage of youth permanently assigned to the program who escaped at least once.
5. **Felony Arrests Per Year Per 10 Students**
Felony arrests per year per 10 students will be measured by the number of arrests of students for felonies for the year divided by the Average Daily Population divided by 10.
6. **Misdemeanor Arrests Per Year Per 10 Students**
Misdemeanor arrests per year per 10 students will be measured by the number of arrests of students for misdemeanors for the year divided by the Average Daily Population divided by 10.
7. **Confirmed Mistreatment Per Year Per 10 Students**
Confirmed mistreatments during the measurement period divided by the ADP during that period divided by 10. Only Major Rule Violation allegations that are confirmed will be included in the measure.
8. **Percent Early Movement**
Percentage of youth exiting the program within 30 days.

Performance measures are determined for each quarter in the State fiscal year. A performance profile will be sent out to the Provider 4 times a year, and a corrective action plan (i.e. setting a numerical goal to achieve during the next quarter along with the action plan to meet that goal) will be required for all areas of deficiency. In addition to the 8 identified measures above, the Provider will also be required to identify 2 additional measures (quantifiable) for expected outcomes, of youth that successfully complete the program.

Monitoring Level

Each service provider will be assigned a monitoring level based on site reviews of the compliance with contract terms and quality of service delivery. Monitoring Levels are assigned as followed:

- Level 1:** **Monitoring Score of 90% or higher**
Any area of non-compliance will require a corrective action plan to be submitted to the TJJD Program Evaluator.

- Level 2:** **Monitoring Score between 80%-89%**
Any area of non-compliance will require a corrective action plan to be submitted to the TJJD Program Evaluator.
- Level 3:** **Monitoring Score between 70%-79%**
Any area of non-compliance will require a letter, by the TJJD Administrator to the service provider's management, or appropriate persons in the service provider's chain of command, documenting area(s) of non-compliance, requiring a response and corrective action plan
- Level 4:** **Monitoring Score below 70%**
Major sanction will be imposed to include but not be limited to moratorium on placements; limited contract period on renewals; removal of youth; withhold payments; assess liquidated damages; or contract termination. In the event the TJJD Administrator does not wish to enforce a major sanction, a justification must be submitted to the Quality Assurance Manager and/or the Director of Youth Services for review and approval

All monitoring ratings' and sanctions assigned will be included in the Sunset Review which takes place at the conclusion of the contract period. At the Sunset Review, the provider's performance will be examined based on monitoring and evaluation activities and outcome measures identified. This information along with any change to the needs of the population served, will be the determining factors in whether or not the contract will be eligible for renewal.
